

I am a customer of BellSouth. I have not been a customer of AT&T for several years. Last month, an AT&T charge of \$4.94 arbitrarily appeared on my bill without my requesting or authorizing any AT&T service. I complained. The charge was removed. Then this month another unauthorized AT&T charge of \$7.19 appeared. Can you help me? I keep getting charged for services I have not requested. Thank you.
